Thank God for our GNA's

The person that helps me to get up everyday is my GNA. She is always there for me. They get me dressed and looking good for all the world to see.

Shave, or forget that it's Bingo or Pokeno day. They remind me just about everything. I hate to say it but sometimes I'm grouchy and ill tempered. Hopefully this is seldom. But they keep on smiling just as they have been taught to.

I thank God for them and the constant care they give me. When I forget something, they remember it. I know it is so easy to blame our GNA when things go wrong but remember they cover our backs. By: Sonny, Harborview

Resident Council News!

The Resident Council of Citizens met on Thursday, August 18th at 2:30 pm outside on the porch under the awning. It was a big day for Resident Council. Sonny brought the meeting to order at 2:30 pm. By the time the meeting was over we had a new Chairperson and they voted on whether another Christmas Raffle would be started in September with all the proceeds going towards buying Christmas gifts for the

residents. The new Chairperson is Margaret Malvaso (Maggie) from Bay Lane. We wish her all success in her new position. At the same time we thank Sonny for being the Chairperson for almost 3 consecutive years. He was an excellent

Chairperson and he promises that he will continue coming to the meetings and bringing his suggestions

Did You Know??? That 20 minutes of laughter can lower your blood pressure and alter your appetite hormones just like exercise.

Keep on Laughing

The Curse of the Younger Married Woman,

- 1. A businessman boarded an international flight and found a fancy young woman seated next to him wearing a large diamond ring. During the flight he asked her about the ring. It is the Klopman diamond, but it comes with a curse," "What's the curse?" he asked. She replied, "Mr. Klopman."
- 2. STINGY OLD LAWYER, A stingy old lawyer who had been diagnosed with a terminal illness was determined to prove wrong the old saying, "You can't take it with you. After much thought and consideration, the old ambulance-chaser finally figured out how to take at least some of his money with him when he died. He instructed his wife to go to the bank and withdraw enough money to fill two pillowcases. He then directed her to take the bags of money to the attic and leave them directly above his bed. His plan: When he passed away, he would reach out and grab the bags on his way to heaven. Several weeks after deceased lawyer's wife, up in the attic cleaning came the funeral, the upon the two forgotten pillowcases stuffed with cash. "Oh, that old fool," she exclaimed. "I knew he should have had me put the money in the basement."
- 3.EXERCISES FOR SENIORS, You know how important exercise is, as we grow older. Here are a few suggestions. I start by standing outside behind the house and, with a five-pound potato sack in each hand, extend my arms straight out to my sides and hold them there as long as I can. After a few weeks, I moved up to 10-pound potato sacks, then 50-pound potato sacks and finally I got to where I could lift a 100-pound potato sack in each hand and hold my arms straight out for more than a full minute! Next, I started putting a few potatoes IN the sacks, but I would caution you not to overdo it at this level.

Did you Know??? That in 1808 two idiots decided it would be a good idea to dual with pistols in hot air balloons. The first balloon shot, crashed to the ground, leaving the other guy floating away.

Kathleen's September Thoughts

The Labor Day holiday has arrived once again. As we think about Labor Day we should take a few moments to reflect on the jobs that people fill in our lives every day. These jobs are varied yet each one is as important as the next.

Some jobs are designed to keep us safe. While others take care of our own daily needs. Every person in life has a job or role to fill. Some are

harder than others yet each is important to keep our home running smoothly.

So take time to thank the people in your life. Tell them how grateful you are for the help that they provide for you each and every day. Thank your caregivers here at Citizens. The jobs they do are difficult and often the workers go on without being told thank you. Take time to appreciate the individual behind the job.
